STATEMENT

An exhibition lives
for a few weeks.
The record lives longer.

We photograph art exhibitions the way they are meant to be experienced: the work first, the space around it, and the people who came to stand in front of it.

The pages that follow are selected frames from recent exhibition and event work. Scope, approach and timeline are discussed per project.

What we cover

I The Works

Artwork documentation — frontal, even, colour-considered.

II The Space

Installation views — scale, light and curation as the visitor sees it.

III The Opening

Speeches, guests and first reactions — the night itself.

IV Around the Room

Details, hospitality and partner-facing frames.

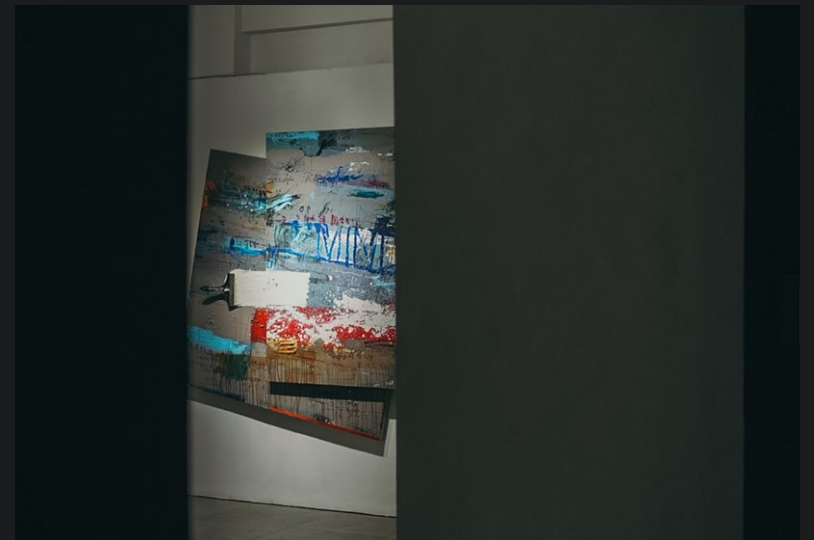

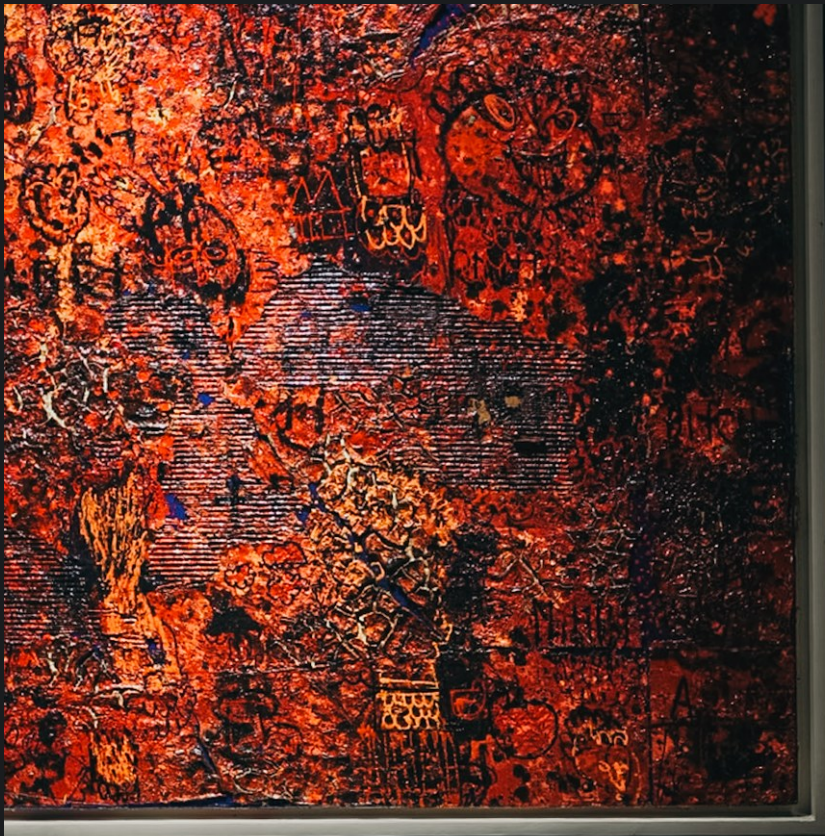

The Works

Artwork photographed frontally, with attention to even lighting, colour and surface.

Selected artwork frames — frontal, ambient-lit.

Surface, impasto and texture detail.

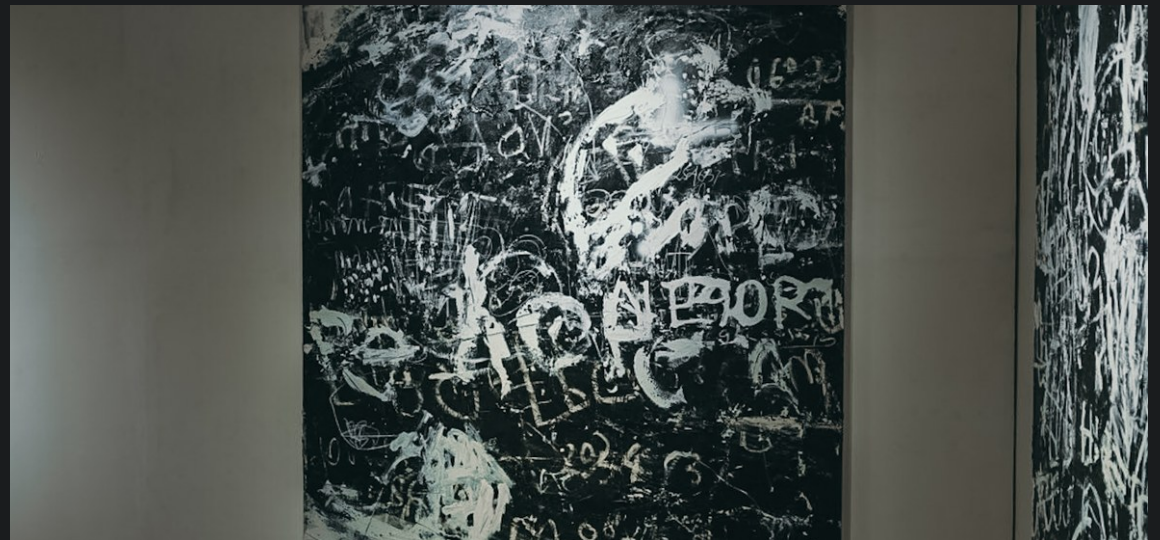

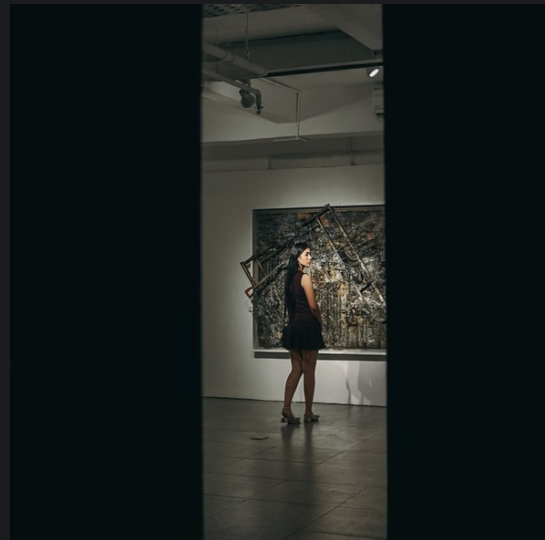

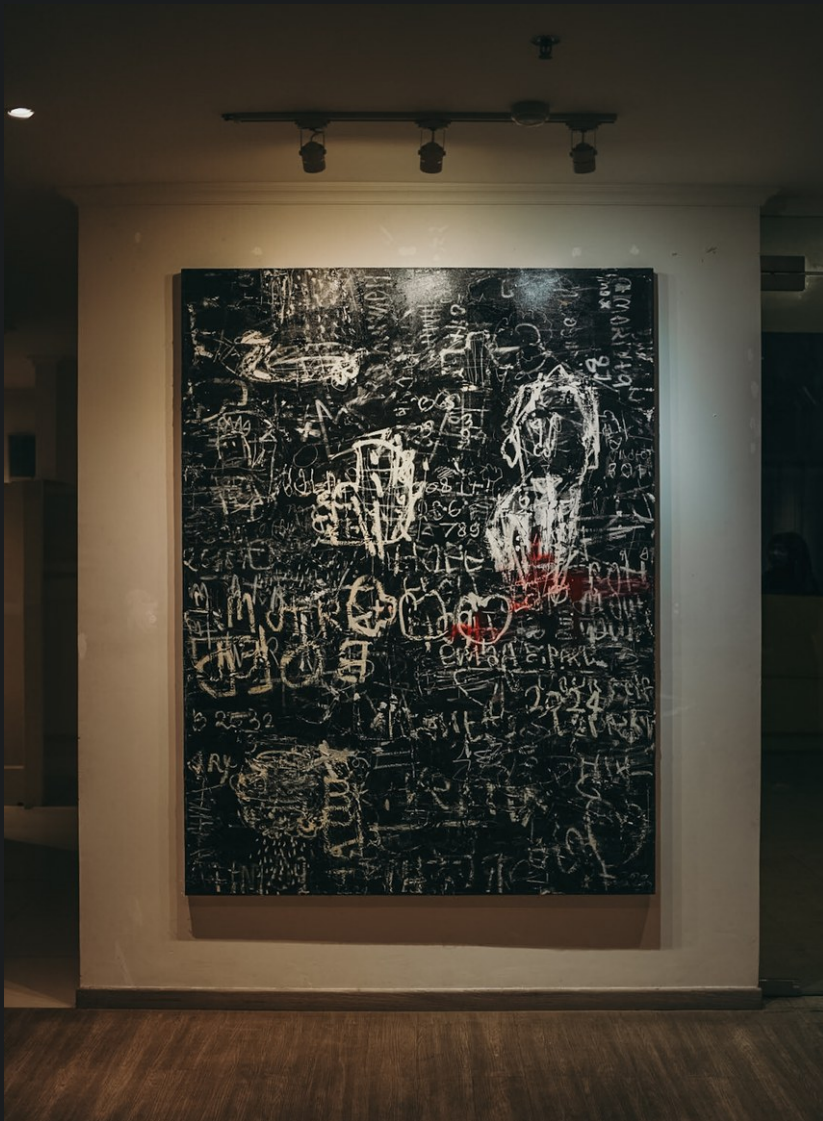

The Space

Installation views — scale, sightlines, and the way the room lights the work.

II · THE SPACE

Wide, mid and figure-for-scale views.

II · THE SPACE

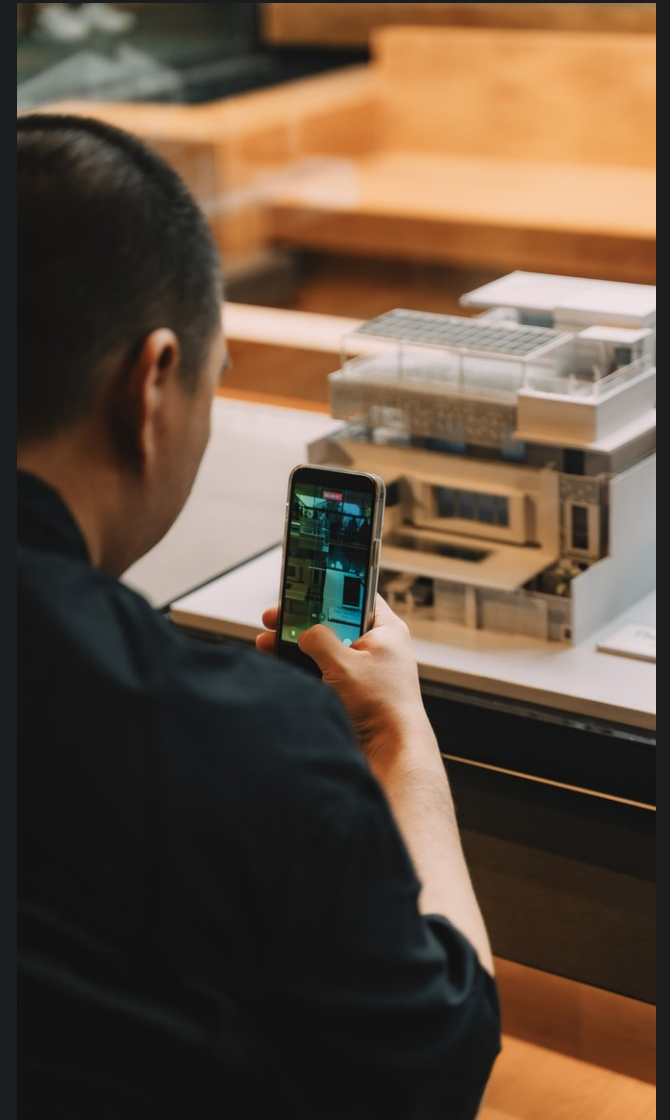

Shot in available gallery light.

The Opening

Opening and launch coverage — speeches, guests, and reactions in the room.

Speeches and program moments.

Candid frames from the floor.

IV Around the Room

Details, hospitality and partner-facing frames from the same events.

The rest of what we do

Aida Creative is a social media and content studio based in Surabaya. Exhibition photography is one part of what we do.

Social Media Management

Strategy, content, posting and reporting.

Content Production

Photo and video — product, studio and short-form.

Brand Strategy & Design

Positioning, content pillars, graphic and brand identity.

Event Documentation

Launches, openings and corporate events.
